Safety, Security & Emergency Training
for a Challenging World!

INTRODUCTORY MEM TRAINING

Risktec offers a 2 day Introduction to Major Emergency Management course specifically designed for companies with staff who have no previous culture of MEM training.

The course covers the fundamentals of emergency management and a practical instructor led exercise based on a realistic scenario relevant to your operations.

Duration: 2 days
Delegates: Ideal number 6-8 (Risktec can provide additional role players if required)
Method: Theory, PC based simulation, and practical demonstration
Target: Untrained employees with an Emergency Response role, Deputy On Scene Commanders, OIMs, Toolpushers and Bargemasters
Location: Singapore, Cairo, or onsite globally

MEM COACHING AND APPRAISAL

Risktec conducts the 3 day MEM Coaching and Appraisal course which is specifically designed for OIMs and personnel identified for future employment as an OIM or senior facility positions.

The course covers the theory of emergency management, a minimum of 9 realistic exercises with PC based simulation and each delegate's performance is formally appraised as the 'Person in Charge' for 1 scenario.

Duration: 3 days
Delegates: Optimal number 6-8, Risktec can provide additional role players if required
Method: Theory, PC based simulation, and practical exercises with a formal appraisal on each delegate's performance and potential as the 'Person in Charge'
Target: OIMs, Toolpushers, Bargemasters, On Scene Commanders, CRO
Location: Singapore, Cairo, or onsite globally

OIM / PIC ASSESSMENT OPITO STANDARD

Risktec can conduct rigorous assessments to the OPITO standard (OIM Controlling Emergencies) or your company standard if you require.

You can send your Emergency Response Team (up to 8 personnel) on the MEM Coaching and Appraisal course and then have your OIM assessed with a trained crew on the final day.

Duration: 1 day of refresher training and 1 day of Assessment per OIM
Delegates: Optimal number 2 OIMs per 3 day course
Method: Evidence of the delegates underpinning knowledge from his workspace, supplied and endorsed by the Client; Practical Assessment of his performance during a minimum of 3 different scenario based exercises.
Target: OIMs, and senior facility personnel
Location: Singapore (OPITO approved), Cairo, or onsite globally

HEAD OFFICE / SHORE BASED MEM TRAINING

Risktec conducts Office MEM Training customised to your operations and covering the following areas:

- Understanding the Offshore MEM process
- Corporate command and control principles
- Managing communications and information
- Working with the Media
- Emergency management roles and responsibilities
- Supporting the Next of Kin
- Business Continuity

Duration: 2 days
Delegates: 10 maximum
Method: Theory presentations incorporating your procedures and desktop exercises with role players
Target: All Shore based personnel with an Emergency Management responsibility
Location: Singapore, Cairo, or onsite globally
