FIRE FIGHTING TRAINING COURSES

Fire Extinguisher Use and Operation – Industrial	5
Fire Science and Extinguisher – Industrial	5
Fire Team Member	5
Fire Team Member Refresher	5
Fire Team Leader	5
Introduction to Breathing Apparatus	5
Breathing Apparatus Refresher	5
Wear and Operate Breathing Apparatus	5
Wear and Operate Breathing Apparatus Refresher	5
Wear and Operate Breathing Apparatus in Specialist Emergencies	6
Airport Live Fire Fighting	6
Fuel Tanker Driver Emergency Response	6
Fire Warden (Emergency Warden)	6

MOBILE FIRE FIGHTING TRAINING COURSES

Fire Extinguisher Familiarisation	6
Fire Extinguisher Use and Operation – Commercial / Domestic	6
Fire Science and Extinguisher – Commercial / Domestic	6

HEALTH & SAFETY TRAINING

Protect Health and Safety in the Workplace	7
Incident Investigation	7
Hazard Identification / Management	7
Work Safely With Others	7
Permit to Work	7
Chemical Safety	7
Safety Observer in the Workplace	7

SPECIALIST SAFETY TRAINING COURSES

Work Safely at Heights	8
Employ Height Safety Equipment	8
Employ Fall Arrest Systems	8
Plan a Confined Space Entry	8
Confined Space Entry	8
Confined Space Rescue	8
Truck Loader / Hiab Crane Use and Operation (Refresher / Assessment)	8
HSNO Approved Handler Training	8

MARINE and AVIATION COURSES

HUET and Sea Survival	9
Aircraft Ditching and Sea Survival	9
Basic Offshore Sea Survival	9
Basic Offshore Safety Induction and Emergency Training (BOSIET)	9
FOET	9
Tropical BOSIET	9
Helicopter Landing Officer	9

STCW 95 MARITIME TRAINING COURSES

STCW 95 Basic Safety Training	10
STCW 95 Fire Fighting and Fire Prevention	10
STCW 95 Advanced Fire Fighting	10
STCW 95 Proficiency in Survival Craft	10
STCW 95 Proficiency in Medical Aid	10
STCW 95 Proficiency in Medical Care (Ships Captain Medical Course)	10
STCW 95 Proficiency in Fast Rescue Boat	10
STCW 95 Ship / Company Security Officer	10
STCW 95 Port Facility Security Officer	10

FIRST AID TRAINING COURSES

CPR – First Aid Refresher for Electrical Workers	11
--	----

FIRST AID TRAINING COURSES

Basic Life Support	11
Practical First Aid	11
Practical First Aid Refresher	11
Comprehensive First Aid	11
Practical First Aid Comprehensive First Aid Refresher	11
Pre Hospital Emergency Care (PHEC)	11
Pre Hospital Emergency Care (PHEC) Refresher	11
Oxygen Therapy	11
Defibrillation	11

WELL CONTROL

Refresher Training; Note that to be eligible for Refresher Training trainees must enrol within 2 months of the expiry of their existing certificate.	12

FIRE FIGHTING COURSES

Course Name	Course Description	NZQA Unit Standard	Duration	Venue
Fire Extinguisher Use – Industrial	Extensive practical training and practice in the use of fire hose, fire blanket, and fire extinguishers; dry chemical and CO2.	3271	4 Hours	M&O Pacific Live Fire Training Pad - Taranaki
Fire Science and Fire Extinguisher – Industrial	Theoretical training in fire science, fire fighting and fire prevention, plus extensive practical training and practice in the use of fire hose, fire blanket, and fire extinguishers; dry chemical, foam and CO2, including liquid fuel and high pressure gas fires	3271 4647	6 Hours	M&O Pacific Live Fire Training Pad - Taranaki
Fire Team Member	Comprehensive practical and theoretical training for members of an Emergency Response Teams on all aspects of industrial fire fighting, including SCBA, co-ordinated water attack on liquid fuel and high pressure gas fires, internal and external with, with extensive use of practical scenarios tailored to the specific work environment of trainees	3271 4647 3272	4 Days	M&O Pacific Live Fire Training Pad- Taranaki
Fire Team Member Refresher	Practical refresher training in all aspects of industrial fire fighting, including SCBA, coordinated water attack on liquid fuel and high pressure gas fires, internal and external, with extensive use of practical scenarios	3271 4647 3272	1 Day	M&O Pacific Live Fire Training Pad- Taranaki
Fire Team Leader	Practical and theoretical training for Emergency Response Team Leaders, including incident command and control concepts and team leadership strategies.	3321	2 Days	M&O Pacific Live Fire Training Pad- Taranaki
Wear and Operate Compressed Air Breathing Apparatus	Practical training on the use of Compressed Air Breathing Apparatus	25044	4 Hours	M&O Pacific premises or on site at client premises
Wear and Operate Breathing Apparatus	Comprehensive theoretical and practical training in the use and operation of SCBA, including search and rescue techniques, skills and practice in a variety of situations including an enclosed smoke filled heated environment (smokehouse)	3272	2 Days	M&O Pacific Live Fire Training Pad- Taranaki
Wear and Operate Breathing Apparatus Refresher	Practical refresher of the use and operation of SCBA, including search and rescue techniques, skills and practice in an enclosed smoke filled heated environment (smokehouse)	3272	1 Day	M&O Pacific Live Fire Training Pad- Taranaki

FIRE FIGHTING COURSES

Course Name	Course Description	NZQA Unit Standard	Duration	Venue
Wear and Operate Breathing Apparatus in Specialist Emergencies	Comprehensive theoretical and practical training for fire and rescue personnel in situations requiring self contained breathing apparatus. Unit standard 3272 is a prerequisite to this course.	20395	2 Days	M&O Pacific premises or on site at client premises
Airport Live Fire Training	Comprehensive theoretical and practical training for fire and rescue personnel in situations requiring self contained breathing apparatus. Unit standard 3272 is a prerequisite to this course.		2 Days	M&O Pacific Live Fire Training Pad - Taranaki
Fuel Tanker Driver Emergency Response	Theoretical and practical training designed for the trucking and transport industry that combines basic fire fighting with fire extinguishers and hose reels, with first aid and emergency medical response.	271 4647 6402 6401	2.5 Days	M&O Pacific premises or on site at client premises
Fire Warden (Emergency Warden)	Principles of the safe evacuation of buildings, and emergency warden responsibilities in the workplace. Course includes analysis and use of clients building evacuation plan	18408	1 Day	M&O Pacific premises or on site at client premises

MOBILE FIRE FIGHTING COURSES

Fire Extinguisher Familiarisation	Basic practical training in the use of fire Familiarisation blanket and fire extinguishers; dry chemical and CO2	N/A	2 Hours	Mobile Fire Training Unit
Fire Extinguisher Use- Commercial/ Domestic	Theoretical and practical training in the use of fire hose, fire blanket, and fire extinguishers; dry chemical, foam and CO2, including liquid fuel fires	3271	4 Hours	Mobile Fire Training Unit
Fire Science and Fire Extinguisher Commercial/ Domestic	Theoretical training in fire science, fire fighting and fire prevention, plus practical training in the use of fire hose, fire blanket and fire extinguishers; dry chemical, foam and CO2, including liquid fuel fires.	3271 4647	6 Hours	Mobile Fire Training Unit

HEALTH AND SAFETY COURSES

Course Name	Course Description	NZQA Unit Standard	Duration	Venue
Protect Health and Safety in the Workplace	Introduction to OSH legislation, including the principles of a safe workplace, and the responsibilities of the employer and employ	497	4 Hours	M&O Pacific premises or on site at client premises
Incident Investigation	Techniques and tools for the investigation of incidents and accidents in the workplace	17601	1 Day	
Work Safely With Others	Principles of a safe workplace, and how to implement these, with a outline of the responsibilities of the employer and employee	16305 17602	1 Day	
Permit to Work (PICWS)	Introduction to the Common Permit to Work system (Can be tailored to your PTW system)	17588	1 Day	
Permit to Work (Permit Issuer)	Further training in the CPTW system including worksite inspection, permit auditing and hazard identification	17590	1 Day	
Chemical Safety	Principles and practices of working safely with chemicals	3062	1 Day	
Gas Testing	Principles and practices of gas testing, including the use of gas testing equipment	3058	6 Hours	
Safety Observer in the Workplace	Specific course developed to meet the needs of industry for persons observing and monitoring hot work and work completed in confined spaces	17596	1.0 – 1.5 Days	

SPECIALIST SAFETY TRAINING COURSES

Course Name	Course Description	NZQA Unit Standard	Duration	Venue
Work Safely at Heights	An outline of legislative requirements for safe work at heights, harness appreciation, and explanation of suitable systems for work at heights	16316 17600	1 Day	M&O Pacific premises or on site at client premises
Employ Height Safety Equipment	Theory and practical training aimed at people who require basic knowledge and skills of height safety equipment	25045	1 Day	
Employ Fall Arrest Systems	Comprehensive training in all aspect of establishing, maintaining and operating fall arrest systems for work at heights in a built environment, including legislative requirements, anchor points and planning rescue and emergency procedures	15757	2 Days	
Plan A Confined Space Entry	Theoretical training in the principles and procedures for planning an entry into a vessel or confined space, including permit requirements, and the roles and responsibilities for all involved	18426 17599	1 Day	
Confined Space Entry	Theoretical training in the permit procedures for entering a vessel or confined space, plus the practical techniques	18426 3058	2 Days	
Confined Space Rescue	Theoretical and practical training in the techniques and skills required to extricate injured persons from a vessel or confined space, including patient handling and the use of ropes, tripods and ascending equipment	14562	2 Days	
HSNO Approved Handler Training	Theoretical and practical training in the handling of hazardous substances according to ERMA requirements, including an outline of HSNO legislation, and a range of modules for different classes of hazardous substances	20645	1 Day	

MARINE AND AVIATION TRAINING COURSES

Course Name	Course Description	NZQA Unit Standard	Duration	Venue
OPITO HUET and Sea Survival	Theoretical and practical training in helicopter safety and sea survival skills and techniques, plus practical training in underwater helicopter egress. Civilian and military options	9580 9604	1 Day	M&O Pacific premises or on site at client premises
Aircraft Ditching and Sea Survival	Theoretical and practical training, fixed wing ditching escape and sea survival	9604	1 Day	
Basic Offshore Sea Survival	Theoretical and practical training in sea survival skills and techniques	9604 9602	1 Day	
BOSIET (Basic Offshore Safety Induction and Emergency Training)	This course is an OPITO approved course, designed and conducted according to OPITO standards, including; Offshore Safety Induction, Sea Survival, Helicopter Safety and Escape, Fire Fighting and Self Rescue	OPITO Standards	3 Days	
FOET (Further Offshore Emergency Training)	This course is an OPITO approved course and is the refresher to the BOSIET Course	OPITO Standards	1 Day	
Tropical BOSIET to Full BOSIET Bridging Elements Course	Theoretical and practical training in the techniques and skills required to extricate injured persons from a vessel or confined space, including patient handling and the use of ropes, tripods and ascending equipment	OPITO Standards	1 Day	
Helicopter Landing Officer	Theoretical and practical training in the handling of hazardous substances according to ERMA requirements, including an outline of HSNO legislation, and a range of modules for different classes of hazardous substances	9581	1.5 Days	M&O Pacific premises or on site at client premises

STCW95 MARITIME TRAINING COURSES

Course Name	Course Description	NZQA Unit Standard	Duration	Venue
STCW 95 Basic Safety Training	A combined programme that incorporates the following modules; • Personal Survival Techniques • Fire Prevention and Fire Fighting • Elementary First Aid • Personal Safety and Social Responsibility	International Maritime Organisation (IMO) Model Course As approved by NZ Maritime	5 Days	M&O Pacific Offshore Safety Training Centre - Taranaki
STCW 95 Fire Prevention and Fire Fighting	Theory and practical training in the techniques and principles of fire prevention, and actions to take when discovering a fire on board. Demonstrate the safe and effective use of extinguishers, hose handling, and using self contained breathing apparatus.		3 Days	M&O Pacific Live Fire Training Pad - Taranaki
STCW 95 Advanced Fire Fighting	Theory and practical training in fire control techniques as part of an Emergency Fire Team in the marine environment.		4 Days	
STCW 95 Proficiency in Survival Craft	Theory and practical training in the knowledge and skills required to take charge of a Survival Craft.		4 Days	M&O Pacific Offshore Safety Training Centre - Taranaki
STCW 95 Proficiency in Fast Rescue Boat	Theory and practical training in the knowledge and skills required to take charge of a Fast Rescue Boat.		3 Days	
STCW 95 Proficiency in Medical First Aid	Theory and practical training in the knowledge and skills required to treat and manage medical situations for an extended period whilst a sea.		5 Days	
STCW 95 Proficiency in Medical Care (Ships Captain Medical Course)	Theory and practical training in the knowledge required to provide medical care to the sick and injured while they remain on board.		5 Days	M&O Pacific premises or on site at client premises
